

# NETS *'moving intensive care for kids'*

Newborn and paediatric Emergency Transport Service  
Sydney, Australia

## **Advanced Trainees & Senior Registrars NETS (NSW)**

Senior trainees and specialist registrars in paediatrics, paediatric emergency medicine, paediatric intensive care or neonatal medicine are sought to work in emergency medical retrieval at NETS, a statewide service of NSW Health providing critical care inter-hospital transport for newborns, infants and children up to age 16 years.

These positions are based in Sydney, Australia and are offered for 6 or 12 month periods commencing in 2020/2021/early 2022 or other start times by negotiation.

Applicants should hold APLS (or equivalent), be currently registered or eligible to be registered with the Medical Board of Australia and (for advanced trainees) enrolled as an advanced trainee with the Royal Australasian College of Physicians or equivalent.

Applicants should be able to work and function in the NETS' operational environment; including passing fitness a test and having superior verbal and written communication skills.

An employment package is available from [NETS.health.nsw.gov.au](https://www.nets.health.nsw.gov.au).
